

USER GUIDE – WATCHLIST

April 2024

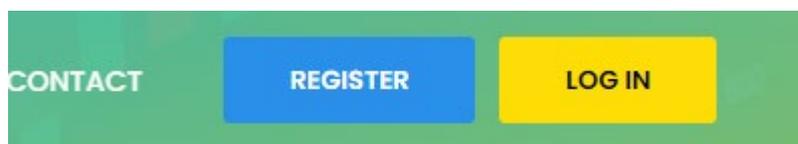

USX users are able to add any of the listed securities to a Watchlist and receive orders, trades and announcements notifications in relation to only those securities.

This user guide explains the steps to set up the Watchlist.

Log in

1. Go to www.usx.co.nz
2. Click 'LOG IN' at the top right of the home screen

3. Enter your username and password.
4. You will be taken to the portal and presented with the quote sheet.

Click on the '+' sign next to your security to add to your Watchlist

Once a security has been added to the Watchlist, the security will show at the top of the quote sheet screen.

Securities can be removed from the Watchlist by selecting the '-' sign next to the security.

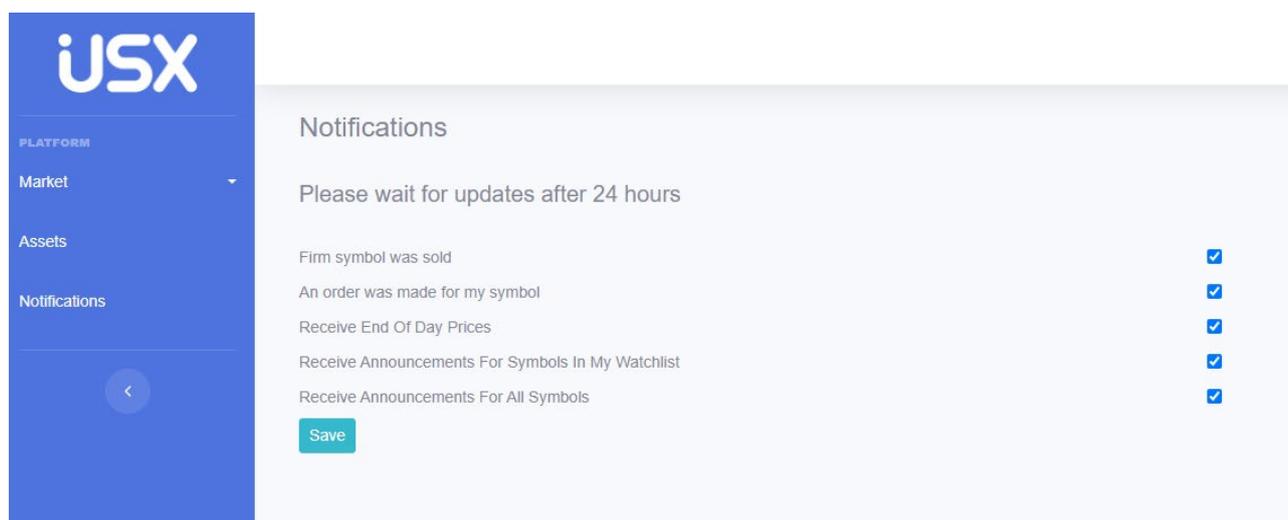

Once the Watchlist is set up you can manage which notifications you receive via the Notifications tab in the portal by ticking the check box.

The Notifications are:

- Firm Symbol Was Sold – you will receive an email advising a trade has been completed in the security including the price and volume.

- An Order was made for my symbol – you will receive an email advising a buy or sell order has been placed for your security including the price and volume.
- Receive end of day Prices – this is the daily email listing all securities and the closing prices sent at 5pm.
- Receive announcements for symbols in my watchlist – you will only receive announcements for the securities in your watchlist.
- Receive announcements for all symbols – you will receive announcements for all USX listed securities.

Users have the option to tick any or all of these depending on their preference.
